Sir,

Adverting to Government Order No. L.2910-11/L.B.63-31-2 dated 15-10-1931 sanctioning the proposal of the District Board to close down certain Musafirkhanas in the District and to the subsequent Government Order No. L.2660-3/Ml. 176-32-1 dated the 14th October 1932 sanctioning the proposal to utilize a portion of the Musafirkhana building at Sira for the primary boys' school, I have the honour to state that in connection with the alterations to be effected to the building for the location of the primary boys school, I inspected it in company with the District School Board Officer on the 22-11-1933 and found the building unsuited for the primary boys' school. I have addressed the Director of Public Instruction separately in the matter of constructing a separate school building on the sites promised to be given by the Sira Municipality, a copy of which is herein enclosed for perusal.

As regards the disposal of the Musafirkhana building I have to state that Mr. Chennabasaviah, District Board Member, Sira, urged the necessity of reviving the Musafirkhana at Sira. The subject was considered by the Standing Committee at the meeting held on 3-11-1933 and they resolved that it was necessary to retain the building, other arrangements being made to construct a building for the boys' school. This resolution was approved by the District Board at their meeting held on 18-11-1933. Copies of the resolution of the standing Committee and the District Board are enclosed for perusal. I may add that the travellers' bungalow at the place is a II class bungalow without water conveniences and is therefore not suited for poor travellers who are in need of a --

Letter No. C.968/31-32 dated 28th November 1933 from the President, District Board, Tumkur District, to the Director of Public Instruction in Mysore, Bangalore.

With reference to your memo No B2-8459-19/27-28 dated 26-7-1933 forwarding copy of your letter addressed to the Deputy Commissioner, Tumkur, in the matter of effecting improvements to the Musafirkhana building at Sira for shifting the primary boys' school to the building, I have the honour to state that I inspected the building in company with the School Board Officer on the 22nd instant in connection with the alterations to be -- effected to the building. I find the building unsuited for the school even though alterations are made at a heavy cost. Besides it is far away from the town and the young children going to the school find it difficult to walk the distance. It is therefore proposed to construct a new school building on the two sites which the Sira Municipal Council have agreed to give, utilising the contribution of Rs 1600/- which they have come forward to pay. The balance of amount that may be required for the construction of the building may be met from the funds of the District Board The School Board Officer, the President and the Vice President of the Municipality as well as the District Board and School Board members of the Taluk are all agreeable to the proposal. A copy of my note on the subject is enclosed for perusal. I request that Government may kindly be moved to sanction t h e above proposal.
